AC Software, Inc. offers the following types of BeamChek licenses for the USA / CANADA only:

1. SINGLE USER LICENSE for installation on one business computer and one laptop or home computer if the licensed single user is the prime user of both.
2. MULTI-USER SITE LICENSE for installation on up to 10 computers or workstations at one location.
3. ACADEMIC SINGLE AND SITE LICENSE eligibility for discount requires employment in an accredited educational institution. Software license is for educational / instruction use only.

MINIMUM SYSTEM REQUIREMENTS: IBM Compatible PC, 6 MB available hard disk space, and Microsoft Windows Vista, XP, 2000, or 98. Software is provided on a CD-ROM and ships with a printed instruction manual and load examples. Networks usually require individual PC installation.

MINIMUM USER REQUIREMENTS: License for professional use requires a fundamental knowledge of structural design, building codes, and construction practices. BeamChek is a design tool for structural design professionals.

SATISFACTION GUARANTEED: We know you'll be satisfied with BeamChek software. But if you're not, whatever the reason, simply return your manual and original CD to AC Software within 30 days to receive a prompt and friendly refund of the purchase price, less shipping and handling costs. Please first contact us for a return confirmation number.
